Context

1st « smart » company in
electricity distribution

Time-consuming,
Repetitive tasks

Automatable

Cost

Human : 750 €/month/region

Opportunity : lost of control
on the brand image

Solution objective

Scalability and
Seamless
Deployment

User-friendly

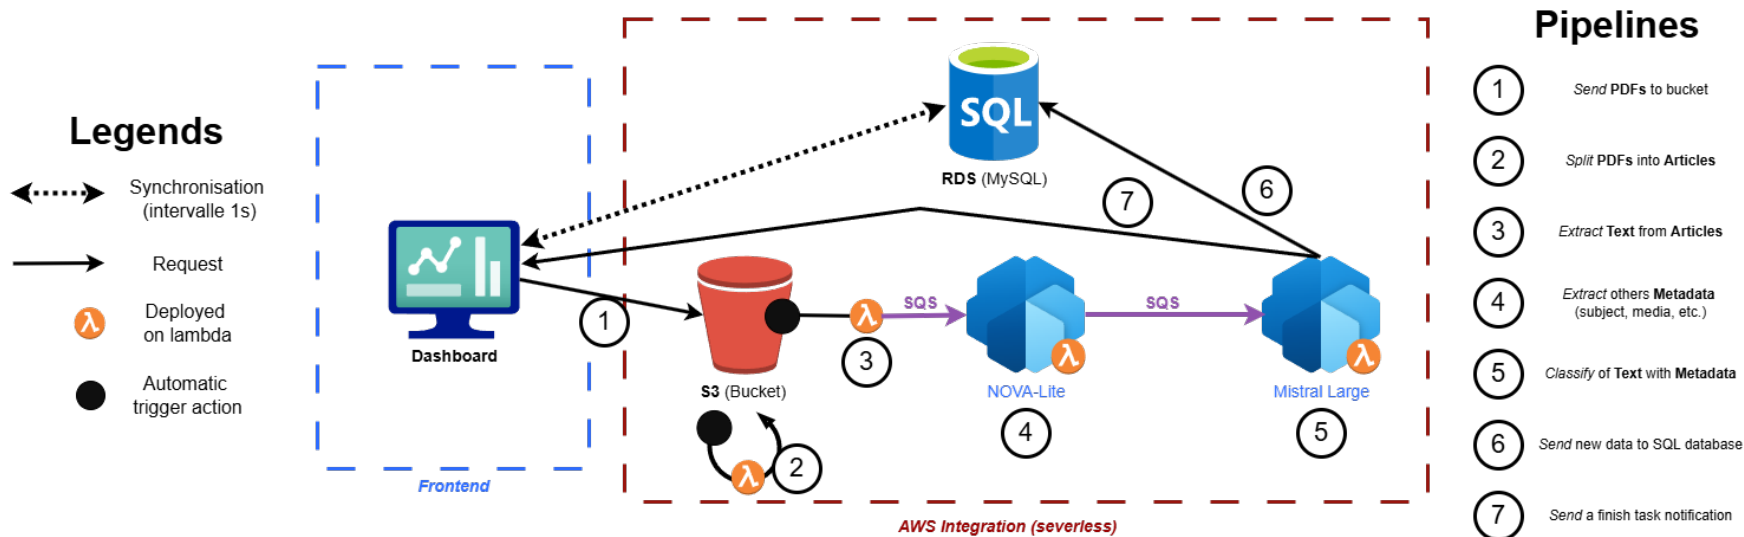

Accessible

Pragmatic and
Business-Driven
Solutions

Solution pipeline

Gain

IA: <500 €/year

Opportunity : time-saving for
humans

Conclusion

Plug and Play (pipeline ready)

Modular (designed to evolve)
